

3 Fat Cats receives Pet-Care Store of the Year 2025

In any industry there are always organisations that stand out from their peers and set the standards that others in their field have to aspire to achieve. 3 Fat Cats is a multi award winning organisation that certainly meets this criteria leading the way when it comes to offering scratch furniture and accessories for your feline friends. They have made quite a name for themselves over the years establishing a well deserved reputation as one of the rising stars of the industry and if the last few years are any barometer of what the future holds then there are many successful chapters yet to be written in 3 Fat Cats story.

Scratching is a natural instinct for cats that helps them maintain their claws, exercise, and mark their territory. Without a scratching post or other acceptable scratching surface, cats may scratch your furniture, carpets, or wallpaper. Allowing cats to communicate in their native tongue is important to their happiness and promotes wellbeing. It is a natural, normal, and healthy way for them to express themselves. 3 Fat Cats is an online business based in Lanark, Scotland first established in 2014 by founder Kim Manners. Since its launch 3 Fat Cats has gone from strength to strength with it being named Best Pet Bedding & Accessories from the prestigious UK Business Award for 2024.

Following on from this success here at E2 Media we have recently unveiled the highly anticipated 2025 Awards of Excellence, spotlighting outstanding achievements across various industries. Among the distinguished winners is 3 Fat Cats. Kim's exceptional dedication to providing unparalleled service has set her apart, earning her the recognition and admiration of both her industry peers and customers alike. This accolade not only highlights 3 Fat Cat's commitment to excellence but also highlights the consistent efforts to go above and beyond in ensuring a positive and seamless experience for her customers. We think it's important to recognise people that are bringing something new and innovative to their marketplace.

They don't have to be the biggest but have to be someone that is trying to offer something different to what is already out there and above all they must offer a great product or service. We feel that 3 Fat Cats ticks all the boxes and is a worthy winner of our award.

At 3 Fat Cats, their products are crafted from high-density, ultra-durable materials designed to withstand even the most vigorous use. These long-lasting solutions not only save cat owners money but also ensure that their furry friends always have a reliable place to exercise their instincts. While functionality is paramount, 3 Fat Cats doesn't compromise on aesthetics. Their products seamlessly blend into modern home decor, offering cat furniture that's as pleasing to the eye as it is practical. From sleek scratching beds to elegantly designed loungers, each piece is carefully crafted to complement various interior styles while meeting the needs of playful and lounging cats. In addition to scratch furniture, the online store features a range of accessories that cater to every aspect of feline life. The high regard 3 Fat Cats holds for its customers tell you everything you need to know not only about the products it offers but also the ethical way in which they operate, never cutting corners or compromising on quality.

The challenge in the future for 3 Fat Cats as their burgeoning reputation continues to grow and the demand for their service increases will be to maintain the same high standards that have become such a trademark. If the last few years are any sort of barometer of what the future holds then we think it's something that the company will achieve and that 3 Fat Cats is a name you'll be hearing much more of in the years to come.
